1st Woman Elected To Council

PAHOKEE — The first woman council member in the history of this city was sworn into office Tuesday night after the vote count showed that Mrs. W. Armstrong, with 169 tallies, received more votes than any of the other candidates competing for two Council seats.

With Mrs. Armstrong the victor in Group 2, over Former Councilman Gil Gabaldon with 107, Group 1 went into a runoff set for next Tuesday between R. D. Hardaway with 130 votes and George H. Tucker, Jr. with 113.

Mrs. Gertrude Williams, running in Group 1, received 72 votes. Only Hardaway qualified and was on the ballot. Those who were not in candidates and each lost votes on write-ins placed in the wrong group. The total vote was 378 recorded and 100 lost through voter error.

Early Lead
With strong backing from the Garden Club, the new councilwoman took an early lead and held it, as the election board counted until after 10 p. m. Tuesday. The count took longer than usual because the voting machine ran out of writing paper, and the remaining ballots were cast by hand and deposited in a large can from which they had to be individually counted.

The first woman on Pahokee's legislative body is, with her husband, Dr. L. W. Armstrong, a Glades pioneer. As newlyweds of some six months, the Armstrongs came to Pahokee in February of 1915.

Mrs. Armstrong recalls that, having met the architect who built the new house on Ft. Pierce to Okeechobee and thence down the Lake by boat, they party waded ashore at East Beach, Mo., and Noah H. Ridenour, Mrs. Armstrong's parents, and her step-daughter, now Mrs. Griscom Johnson of Pahokee, were among those who made the rough trip down the Lake.

Originally from Colorado Springs, Colo., Mrs. Armstrong was living in Vero Beach with her parents at the time of her marriage. She was educated in Kentucky.

First Negroes
At the start of the farming venture in the Glades, the Armstrong-Ridenour family brought the first Negro labor in this area, from Okeechobee. It took several hair-raising incidents and a lot of reasoning and threats before the Negroes came to the Lake to convince them to allow the Negroes to stay, Mrs. Armstrong recalls.

They were allowed to remain with the understanding that they would not fish in the Lake thus interfering with the numerous white fishermen.

Glades Chambers Offer Census Aid

Glades Chambers of Commerce are going to see to it that census takers are counted in the census now being taken in Palm Beach County.

Those who have not been counted are asked to call either Belle Glade Chamber at 2745 or the Pahokee Chamber at 579. These offices will make out census enumerator lists persons missed.

Enumerators have been working in residential areas and not in business districts except where dwellings exist in business areas. Ordinarily the enumerator has called only once and if no one was home did not return. Some persons were inadvertently missed.

Spearheaded by Mrs. Edwinna Young, secretary of the Belle Glade Chamber of Commerce, the move to count all heads got under way this week when it came to her attention that a number of persons in the Belle Glade area had not been counted.

The Pahokee Chamber President, M. P. Stanley, concurred on the vital importance to the area of the count and put Chamber facilities at the disposal of census enumerators to assure a complete count in that area.

RIEDEL RESIGNS FROM EV. FED.

BELLE GLADE — Veteran Everglades Federal Savings and Loan Association President C. E. Riedel resigned from the presidency and from the directorate of that firm on Tuesday.

Riedel's resignation came as a surprise to the other four directors of the nearly seven million dollar organization elected Claude Shirley, Pahokee, to fill out Mr. Riedel's term until January.

Upon resumption of Tuesday's recessed meeting yesterday, the directors of the nearly seven million dollar organization elected Claude Shirley, Pahokee, to fill out Mr. Riedel's term until January.

The savings and loan association board is made up of Shirley, Herbert D. Beck, and newly elected member Shirley.

Gail Masonic In 'Fair' Condition

Ten-year-old Gail Masonic was in "fair" condition yesterday at Belle Glade Memorial Hospital as a result of an automobile accident on Wednesday near the County barn north of Belle Glade.

Gail and her father William Masonic were returning to their South Bay home from the OBSERVER office in Pahokee. The left front wheel of Masonic's 1940 Dodge pick-up spun off Masonic lost control of the vehicle as it swerved to the left lane of traffic and collided with a 1951 Oldsmobile sedan driven by Dr. J. N. Lipscomb, Gaffney, S.C.

Masonic's truck spilled over, throwing Gail under the truck. Masonic managed to snatch his daughter from beneath the lane of traffic and burst into flames. The fire was put out by equipment brought from the Fire Control District near the county barn by firemen who heard the crash of cars, according to FHP Trooper J. E. Hicks' report.

Mrs. J. N. Lipscomb, a passenger with her husband, was hospitalized with contusions, Dr. Lipscomb and Masonic had less serious injuries and were released shortly after the accident.

Gail's mother, Mrs. William Masonic, is OBSERVER reporter for South Bay-Bean City. (Continued on Page 8)

DRIVE ON FOR CC MEMBERSHIP

PAHOKEE — With the annual membership campaign launched, this year by mail solicitation, the Pahokee Chamber of Commerce directors meeting heard that the campaign committee hopes to have most of its 1955-56 memberships paid up by the time of a special memorial service campaign meeting May 16.

The directors, in their May meeting Monday night, decided to have another meeting in two weeks, to assign a clean-up detail to collect memberships unpaid at that time.

With M. P. Stanley, president, presiding, directors heard that new office signs are being designed and will be put up shortly. Elmer Jones and Leonard Dobrow reported that the Junior Wildlife Club's request for a cabin site near Pahokee Farmers Market would be taken before the County Commission by Commissioner Paul Rardin.

Thirty-seven participants in the Bass Fishing Contest, which runs until June 15.

Directors discussed ways and means to encourage local merchants to cooperate in special sales and in other efforts to keep business at home.

A request of the Uplandgrove Quartet that the Chamber sponsor them for an Arthur Godfrey audition was put under advisement until the Chamber can get more information about audition requirements.

ELKS TO OBSERVE MOTHER'S DAY

PAHOKEE — Elks lodge members will honor all mothers on Sunday at ceremonies at 3:30 in the afternoon at the lodge hall.

A representative mother will be presented a corsage as a token of respect and love for motherhood. Rev. Wendell Hainlin, vicar of the church of the Holy Nativity, will speak on the theme, motherhood, and Past Excelsior Ruler James W. Vann will deliver a tribute to mothers.

Mothers Day is one of three occasions during the year when Elks rituals are open to the public. The other two are Flag Day and Elks Memorial Day. The public is welcome to the Sunday service at which the Elks Ten Chorus will sing.

Bulky Barge In Stew At So. Bay

SOUTH BAY — A venture some barge caused a day of highway and water holdups here Friday as it traveled to Okeechobee en route from St. Louis, Mo.

The 120 x 30-ft. traveler had come down the Mississippi, through the Gulf into the Caloosahatchee River, around the Lake, and finally entered the North New River Canal.

When it reached the railroad trestle at South Bay it was unable to clear through, and the railroad chucked up five hours to dismantle the trestle. Then the barge arrived at the bridge, and crawled through with minuscule clearance, tied up traffic for 35 minutes.

Just beyond the bridge it became grounded at the locks and the locks and the spillway had to be removed, the water gates closed, and the water level thus raised to float the barge clear.

The Eugene Lahr Co. of Columbia, Ill. are owners of the bulging barge.

SO. BAY PTA INSTALLATION

SOUTH BAY — Mrs. Marjorie Henderson became the new president of the South Bay PTA at installation ceremonies held Monday evening in the school auditorium.

Other officers installed were: Mrs. Royne Davis, secretary, and Mrs. Lillian Massey, treasurer. J. C. Bowen, the new vice president, was unable to attend.

Mrs. Wilder was the installing officer and presented corsages of cypripedium orchids to the new officers. In turn, Mrs. Wilder was presented with a corsage by the president's pin by Edythe Eckman on behalf of the PTA.

During the business session of this last meeting of the current school year, the members voted to purchase new curtains for the stage, also to donate \$100 toward the summer recreation program. Principal Pellon Morris was authorized to spend up to a certain amount at his discretion for the purchase of a new movie projector.

At the close of the business meeting two films were shown pertaining to home and school life, entitled "Families First" and "Who Will Teach Your Child." Refreshments were served in the school cafeteria with Mrs. Henderson and Mrs. Davis acting as hostesses.

EMH Benefit Is Next Friday P.M.

PAHOKEE — A dinner for benefit of the Everglades Memorial Hospital will be served at Canal Point community building Friday, May 13, from 5:30 to 8 p. m. Tickets on sale for 75 cents for children up to 12 years, and \$1.25 for adults.

Mrs. Frank Friend and other members of the hospital auxiliary made plans Friday night for the benefit, proceeds of which will go for several needed items in the hospital including blankets.

Assisting with the dinner plans are Mrs. E. A. Jensen, who represents the Pahokee Woman's Club; Mrs. Leonard Maxson, Canal Point Methodist Church; Mrs. J. H. Bordeaux, Canal Point Baptist Church; Mrs. Albert Fremd, Holy Nativity Episcopal Church; Mrs. H. L. Speer, Pahokee Baptist Church; Mrs. Earl Pitts, Church of the Nazarene; Mrs. Robert B. Simpson, Pahokee Methodist Church; Miss Jane Plummer, Pahokee Business and Professional Women's Club; Mrs. Edna Barrett, Pahokee OSS; Mrs. R. J. Schroder, hospital board; Mrs. Clyde Canipe, Pahokee American Legion Auxiliary.

HOSPITAL DAY SET FOR MAY 8

PAHOKEE — Open house in observance of National Hospital Day will be held at Everglades Memorial Hospital Sunday, May 8, Administrator Jesse W. Reel, announced this week.

Between 2 and 4 p. m. that day, the public is invited to come to the hospital and tour the laboratory, X-ray room, delivery and operating rooms, and other sections of the hospital, Reel said.

Refreshments will be served to the visitors, who will be welcomed by the administrator assisted by members of the hospital auxiliary.

L D Phone Service Normal

BELLE GLADE — Vital long distance telephone service was back to normal in the Glades Monday, just seven days after a deliberately-set fire at the main exchange here knocked out communications.

Southern Bell Telephone District Manager Ed Reddy reported that 1,500 calls including all long distance requests were handled Monday with little if any delay.

A spot check of produce sales offices confirmed this. Although service is back to normal, and the long distance operators are handling more calls from the Glades than at this time last year, it will be an unspectacularly long time before the fire-blackened equipment itself will be back to normal, Reddy said.

Temporary Cables
Temporary long-distance cables have been installed in the exchange office beside the stub ends of those which were destroyed by the unknown arsonists.

The temporary shop set up for emergency repairs at the rear of the Southern Bell buildings is in a flurry of activity, while in the dial room, maintenance men are working as rapidly as possible to repair damaged equipment.

Forty-two management people, Western Electric supervisors, and non-striking employees are at work replacing and repairing Reddy said. Meantime, the long-line switchboard is fully repaired.

The business office and back yard of the telephone company buildings are littered with crates of delicate replacement

equipment marked "expedite", signs of rot and mold, and snowdrifts of blueprints from which the repairmen are working.

In the meantime, the heap of discarded fire-ridden parts and equipment was mounting, a mute memorial to the efficiency of the arsonists.

Growers Day At Experiment Sta.

BELLE GLADE — The annual vegetable growers field day is to be held at the Everglades Experiment Station today starting at 9:15 a. m.

The group will meet at Mayo Pavilion, near M. U. Mounts, Palm Beach County agriculture agent will make introductory remarks. John Causey, assistant county agent, will preside over the meeting at which discussions and reports on the following research investigations will be presented: "Control in Beans, Celery, Seed Beds and Lettuce," Dr. R. S. Cox; "Virus Control in Peppers," Dr. J. N. Simons; "Nutritional Experiments With Vegetables," Dr. C. Ozaki; "Insect Control and Crop Tolerance," W. G. Genuing; "Control in 'Vegetable Crops,'" Dr. V. L. Guzman and E. A. Wolf; "Developing New Varieties of Sweet Corn, Beans and Corn," E. A. Wolf.

Following these reports, there will be a conducted tour of the vegetable greenhouses, and of plots showing development of sweet corn hybrids resistant to heat and inthospiorium turicum leaf blight.

The afternoon program will be devoted to a host of plots showing celery breeding plots and herbicide tests, nutritional experiments with beans and corn, bean variety and breeding plots.

WASHINGTON NEWSLETTER

By Sen. George Smathers

WASHINGTON—The Reciprocal Trade bill, proposing extension for three more years of the "good neighbor" program which has meant so much to the United States and the world in the past 21 years, will be before the Senate.

As a members of the Finance Committee, it has been my lot to help draft this measure, and I shall assist in presenting it to the Senate. Although we did make some alterations after long hearings and exhaustive study, this measure is substantially what was first brought into being by former Secretary of State Cordell Hull, the father of the "good neighbor" program and what today is being advocated by President Eisenhower.

MONEY TO FLORIDA: It has been a source of some satisfaction to me—my work on this legislation—because it means so much to the State of Florida. Latin America is the "best cash customer" of the United States and much of the hundreds of millions of dollars spent in this country by our friends and neighbors south of the border finds its way into Florida pockets and bank accounts.

Surveys show, for instance, that Cuba alone imports annually \$487,000,000 from the United States, that \$87,000,000 goes through Florida ports and that in many other ways the American dollars spent for Cuban sugar come back to Florida workers and farmers, hotel men, grocery men, filling station operators—and to virtually every channel of trade. In tourist trade alone, Cuba has been spending as high as \$30,000,000 in the United States, with 80% or nearly \$25,000,000 coming to Florida. As much as \$17,000,000 has been spent in Dade county alone in a single year. Millions go through Florida ports annually to Latin America; Palm Beach handles more than \$4,000,000 worth just to Cuba.

"Best cash customer," Cuba, obviously, is Florida's best customer, but Venezuela claims the title of "Billion-Dollar Cash Customer" for the United States. The Chamber of Commerce at Caracas claims that besides buying \$500,000,000 in U. S. goods, Venezuela also spends \$500,000,000 for services.

The export picture, however, shows that Mexico tops the Latin American list, buying \$644,000,000 (1953 records) from the U. S., much of it in Florida, with other customers as follows: Brazil, \$295 million; Colombia, \$285 million; Peru, \$118 million; Argentina, \$104 million. Since Florida is in the heart of Inter-American Trade, "Good Neighbors" means most to us.

season when the high school senior classes are making their pilgrimages to Washington. It is a pleasure and an inspiration to find all of these youths from Florida because we find their eager optimism and confidence so infectious.

I am much given to baccalaureate advice, but I don't think it well for the graduates to emphasize in planning their future education for future careers of the great opportunities for advanced technical education. Jobs are plentiful for college graduates, and there is much more of a challenge facing this generation than that simply of family security.

Besides the great and increasing demands for technicians in our economy, we must be prepared to match Russia which is graduating two and one-half times as many engineers and scientists as we are. The new frontiers of science are a compelling challenge for the youth of today, who are our atomic age pioneers. Survival, as well as progress, may be at stake.

NEWS BRIEVITIES: Congressmen Billy Cartwright and John L. McClellan are looking for early action on his bill in the House Veterans Affairs Committee to direct construction of the new Gainesville VA hospital. Administrator Oris V. Wells of the U. S. Agricultural Marketing Service, advises that it is planning to expand the research on sub-tropical fruits (mangoes, avocados, and limes) at the Homestead Laboratory; the research staff is to be increased to three.

Post Office Department advises that 27 clerks are being transferred to the research staff for kind words from Jack Spindler, President of Local 1228, N.A.A.U.P. After talking with the officials of the Department of Health, Education, and Welfare, I am optimistic that priority will be given Florida in distribution of the Salk polio vaccine; they told me it makes sense that vaccine should be used first where the danger is greatest.

There seems to be general admission that the Communists made no headway, probably suffered a severe defeat, propaganda backfired at the Bandung conference of Asia-Pacific nations; delegates from the Philippines, which owes its freedom to the United States, stood up for the "free nations" and effectively countered charges of U. S. "imperialism."

Adding to Florida's industrial strength, the Escambia Bay Chemical Corporation had ground-breaking ceremony the other day for the \$22,000,000 plant to be built in Santa Rosa county.

Buying Snafu: Although economy was the keynote of the Unification Act, Hoover Commission reports now show almost unbelievable waste and duplication in clothing and feeding the men and women of the armed services. At an unnecessary cost of \$340,000,000, Army, Navy, and Air Force are maintaining separate food and uniform purchasing agencies, and with these stocks on hand, 60 years supply of hamburger, seven years supply of canned beef and gravy, and ham; ten

The man had the right idea. He heard it from another man, and passed it along to me and said not that it matters now, probably, but worry it a little, and gnaw on it — and maybe it will come out logical like.

This was the man who said he had the solution for the Glades sub-courthouse mess. I think maybe he has, and so though I don't usually paw around in civic matters which occasionally come out all right in the hands of people, I'll pass it along.

This man's idea was that all the shuffling about where to put the courthouse, and all the sliding around of the County Commission could be solved by BUILDING THE COURTHOUSE ON A BARGE.

That way, it could be hauled around the rim canal from city to city (it might, in the case of some cities, involve driving — or, perish forbid, even walking a few miles) at stated intervals.

This man, I think, is a genius. He remembered that we have a whole lake to use (more people, this is a fine idea, even besides it would save the county money).

Nobody has asked the county whether it wants to save money, and based on the political problems of the past 20 years, I don't suppose it does — but if it does, this is a fine idea.

Just think — no land to worry about filling or leveling, no pilings to drive, no termite worries.

First you take a barge, then you build a courthouse on it. So there you have the whole shebang floating around on the lake.

Then say it starts on the north end and anchored at Canal Point, and for several days everybody on the north end can rush right onto the barge and transport their business.

Next, the barge hitches a tow from a passing boat or another barge, and gets pulled to Pahokee, South Bay, Lake Harbor way. When the rush has ceased, the barge starts its travels back up the rim route, and makes stops along the way. Once again at the north end, it pauses and then starts back down.

In case of a really violent emergency, like the need for a marriage on the south end when the barge is at the north end, everybody could just get together and pull the danged courthouse barge to where the emergency existed.

Simple, isn't it? Great publicity for the county, because where else is there a waterborne, travelling courthouse? And besides, the commissioners could all go out and tell Glades voters in the various towns about how they were thinking about them all the time!

Go up and have a look next time you're near a fire tower. The towerman and the Florida Forest Service will welcome your interest.

ON ROAD TO RECOVERY—Friends of Congressman Lyle Heriwig will be happy to learn that his father and mother, Mr. and Mrs. A. S. Heriwig, of Leesburg, have returned home after having spent more than three weeks in Duke Hospital.

A NEW DAY—You can add another "name" day to the calendar of a recent Florida. Introduced by Congressman Dante Passell is passed. His proposal calls for setting aside April 30th each year as "Presidents' Day."

April 30th was suggested because it was on that date that President George Washington was inaugurated. The proposal is that we celebrate the birth of a few our presidents and forget the others. This would not be legal, but it would be a day when the work of all presidents would be studied and honored by school children.

Senator John F. Kennedy, Jr. said, "their history," he said, "and that also will kill any dangers from the ideology of communism."

AIR FORCE TROUBLE—Look for a clash between Congressman Bob Sikes and the Air Force over a new bombing range which Sikes is trying to set up off St. Marks and Carrabelle. The range is to stretch for 20 miles along the coast from about 20 or 30 miles off the Gulf. Sikes says that if the Air Force had tried to find a more critical spot, they couldn't have found one that would hurt the local economy more.

He pointed out that the people in that area earn their living by fishing, by planing, and by using the area will come from Valdosta, and Sikes thinks they should set their bombing area in the Gulf of Mexico.

Next, the barge hitches a tow from a passing boat or another barge, and gets pulled to Pahokee, South Bay, Lake Harbor way. When the rush has ceased, the barge starts its travels back up the rim route, and makes stops along the way. Once again at the north end, it pauses and then starts back down.

LEGISLATIVE HIGHLIGHTS

Turnpike Turnout

Legislators settled down to work in earnest last week, rolled up their sleeves and waded into the tough problems that confront them. The controversial turnpike bill got senate approval by a vote of 20 to 10.

The house approved bill calls for a full length turnpike. The bill now goes back to the house for concurrence, and action on it will probably be taken before this item reaches print.

Senator E. W. Gautier of New Smyrna fought doggedly to block passage of the bill which is bitterly opposed by his constituents and urged the senate to take its time and see if it will really work out on the Miami.

Senator Doyle Carlton, Jr. of Wauchula pointed out that the Turnpike Authority already had authority to make any survey it felt advisable regarding surveys to either East or West Coasts.

ROBBERIES

By BENJAMIN S. ROBERTS

FROM AFRAID TO FEARED

President Theodore Roosevelt despatched a naval force on a round-the-world cruise to show the flag of the United States in foreign ports. Roosevelt was determined that the national status of the United States resulting in part from the Spanish-American War in part from the settlement of the Boxer incident in China should not go unrecognized.

After the war with Spain and the addition to our territories of the Philippines and Puerto Rico it was considered advisable to show nations who might think us new-comers, that we could take care of ourselves. By showing our flag aboard naval vessels of late design and excellent construction our national prestige was enhanced.

It is not unusual or unprecedented for President Eisenhower to show the flag of the United States in foreign ports, but the reason for the mission will be to ally fear rather than to instill respect, it will show peaceful intentions for the use of arms rather than serve as a show of military power.

Certainly the President realizes the propaganda value of a shipfull of atom motivated devices designed for peaceful purposes. He realizes that one way to counter communistic propaganda is to show the world exactly what our intentions are and at the same time the potential we possess.

By sending an atom powered and equipped transport abroad we may expect the weak nations to appreciate the strength in the arm of friendship we offer them. We may expect weak nations to have greater confidence in our foresight and ability to prepare for war or peace.

They cannot miss the implication implicit in the presence of such a humanitarian and yet potentially deadly device in their midst.

At the same time, our President has stolen a march on Moscow by deciding to reveal more to the world about the weapon which has given its name to this age than they would dare display. By indicating that we fear no competition and are willing to share our power, we have won a great moral victory.

In little more than half a century this nation has gone from a world power to THE world power. It is a great achievement.

They were making a net profit of 24 per cent on the money they lend.

The Senate Banking Committee apparently doesn't see anything wrong with this and rejected Pope's bill unanimously, so it looks like Floridians would continue to pay 42 per cent a year on their small loans.

Senator President Turner Davis has contended all along that 60 days should be ample, and saw no reason for a longer period.

Bryant Raps Legalized Gambling

Speaking in opposition to the establishment of a harness racing track at Pompano, Farris Bryant told the Palm Beach County Committee that he considered pari-mutuel gambling at Florida race tracks, "insidious in its operation."

It promotes a feeling of something for nothing and increases the state's dependence on revenue from gambling," Bryant said.

Representative A. J. Musselman, Jr. of Broward who introduced the harness racing bill, asked Bryant if he were not a co-introducer of a bill to increase taxes on dog tracks as a means of increasing state revenue.

Bryant replied in the affirmative but said, "I can't find a word in my collection of words that I am talking against myself."

The bill was rejected by the committee by a 5-2 vote.

No Reduction In Small Loan Interest

Every session an attempt is made to reduce interest rates charged on small loans and in spite of the fact that it has almost unanimous public support, it seems it just can't be done.

power. In that space of time national motives have changed from fear lest we be thought weak to fear lest we be thought overbearing strong.

To The Editor

An open letter to:

Mr. George W. Slaton, Chairman, Palm Beach County School Board, 321 First Street, West Palm Beach, Florida.

Re: School building planning. Good morning:

As Glades sub-chairman of the Palm Beach County Planning for the Resources and Development Board, the layout of school grounds and buildings has been called to my attention.

For instance, the entrance to the new colored high school in Belle Glade is on Avenue "B". It is such a beautiful building and has 20 acres of ground for the high school and grade school so that I wonder why the entrance has been made on a main thoroughfare when two side streets are available. I. South of 10th and 12th Streets.

I appears to me that this is creating an additional and needless traffic hazard.

I wonder why?

Wouldn't it still be wise to make the bus entrance on 10th or 12th Street?

I am in Pahokee, the plans for the new colored high school call for condemnation proceedings on land just south of the present colored school building which would add additional State Highway frontage when there is land available in back of it. Highway at what appears to me to be much less expense.

Why is this so? You must have some reason for doing it, but will the reason offset the dangers and traffic hazard. It appears to me that in the layout of school grounds, traffic hazards should be the first thing to be considered.

Yours very truly,
 C. A. Bailey,
 Glades Planning Sub-chairman, RDB

LOOKING INTO THE FACTS...

Rumen Feeding

Dr. Ray W. Pifer, Ft. Wayne, Ind., said in his address to Indiana Grain & Feed Dealers Association, "From what we know today about the utilization of roughages by beef cattle, we realize the importance of the micro-organisms or 'bugs' in the rumen. These tiny 'bugs' break down the roughage and other food. Actually when these bugs are properly fed, they live, grow and multiply on the energy they get by digesting the feed, and the more the cattle grow and fatten as they absorb the bugs from the digestive tract. It appears then that our problem in feeding cattle on low quality roughage... is to supply a supplement that meets the requirements of the bugs and of the cattle as well."

You'll feel like a pilot

without leaving the ground

**Just wait till you switch the pitch
of Buick's new Dynaflow*!**

* **H**OW would you like to take the wheel of a high-powered Buick and feel an experience you never felt before in any earth-bound vehicle?

How would you like to do—just by pressing down the gas pedal—what a pilot does when he's ready for take-off?

And how would you like to drive with the happy thought that you're getting plenty of miles per gallon in normal cruising—and the electrifying action of the world's first airplane-principled transmission when you need it for split-second getaway response?

It's all for you when you say the word and slip into the driver's seat of a new Buick with Variable Pitch Dynaflow.*

Not only do you take command of record-high Buick V8 power—and the most envied ride in the industry—and the brawn and heft and luxury of a truly solid automobile.

You also call the turn on twenty propeller-like blades deep inside a wondrous new Dynaflow that's patterned after the principle of the modern plane's variable pitch propeller.

You hold these blades in their high-economy angle when you press the pedal in the normal way—and you get a lot more miles from a tankful of gas.

It's The Hardtop with Four Doors!

Here's the new hit in hardtops that's taking the country by storm—Buick's pioneering and pace-setting 4-Door Hardtop. The "convertible" look, with no center posts in the side-window areas—but with separate doors for rear-seat passengers. Shows here in the low-price SPECIAL model—also available in the high-powered CENTURY Series. Both now in volume production to insure prompt deliveries.

You switch the pitch of these blades to take-off position when you press the pedal way down—and you get spectacular action instantly.

Don't take our word alone that this is thrilling beyond all previous experience. Talk to anyone who's tried it. Or, better yet, come try it yourself. That way you can learn firsthand why Buick sales are soaring to all-time best-seller highs. Drop in this week, won't you?

* Dynaflow Drive is standard on Roadmaster, optional at extra cost on other Series.

GLADES SHOWMEN AT STATE MOVIE CLINIC

Members of the Gold-Dobrow
 Theatres attending a "movie cli-
 nic and work shop" at the Coli-
 seum, Orlando, on April 26
 were Alice Spooner, James Mil-
 ler, Oscar Dobrow, Malcolm Mil-
 ler, Jerry Gold and Louis Gold.
 The meeting was called primar-
 ily to convey to theatre manag-
 ers ideas for attracting greater
 patronage at the box-office as it
 is the belief of the motion pic-
 ture industry's best advertising
 and publicity men that people
 are becoming increasingly a-
 ware of the efforts being made
 in Hollywood to introduce bet-
 ter attractions via the new
 screen technique, CinemaScope,
 and thought if the local pic-
 ture man plans his advertising cam-
 paigns to take advantage of this
 public alertness to the product
 coming from Hollywood, he will
 benefit as well as guarantee that
 his patrons will not miss any of
 the attractions for which they
 have developed what the trade
 calls "want-to-see."

GS CENTRAL COMMITTEE PLANS COURT OF AWARDS

The annual Belle Glade Girl
 Scout Council of Awards
 27 was discussed at the Scout
 central committee meeting at
 the Scout Hut Friday. Mrs. Fred
 White and Mrs. Victor Miller
 are to be in charge of plans for
 the event, to be held at Mun
 cipal Park at 7:30 p. m. the 27th.

Mrs. Robert J. Allen, Jr., read
 an invitation from the Cleve-
 land Girl Scouts to a round-up
 and sing to be held in Cleveland
 May 20 at 4 p. m. The girls will
 have an opportunity to swim
 before supper. After supper, for
 which each girl will bring her
 own lunch, each troop will
 put on a short skit and the
 evening will end with group
 singing.

Mrs. Russell Tucker and Mrs.
 Peter LaChance are acting
 as a nominating committee to
 present a slate of officers to be
 voted upon at the next meet-
 ing of the committee on June 3.
 The recent cookie sale was de-
 clared a financial success, but re-
 grets were expressed that many
 people were disappointed in not
 being able to purchase cookies,
 because the supply was so quickly
 exhausted.

A Message To The Citizens Of Belle Glade-Pahoekes Area

The infamous destruction of telephone service during the early morning hours of April 25, 1955 will long be a regrettable memory for the people of Belle Glade and Pahoekes.

We the telephone men and women who are devoted to public service regret that anyone could under the cover of night deliberately set fire to the telephone building to destroy a service so necessary and vital to this community.

Your cooperation and patience during the time necessary to restore service is deeply appreciated.

ENGAGEMENTS

WEBSTER-KLANJAC

Mr. and Mrs. B. T. Webster, 317 Northmoor Gardens, Belle Glade, announce the engagement of their daughter, Jane Dolores, to S/Sgt. Edward L. Klanjac of Centerville, Iowa.

Miss Webster was graduated from Belle Glade high school in 1954 and then entered Massey's Business College in Jacksonville, Fla. Since January she has been employed as secretary and assistant bookkeeper in the office of Sam Steiner, grower and produce broker of Belle Glade.

Sergeant Klanjac is the son of Mr. and Mrs. Matt Klanjac of Centerville, La. He was graduated in the class of 1947 from Centerville high school and entered the service in 1950. After receiving basic training at Lackland AFB, San Antonio, Tex., he spent two years overseas in Korea and Japan. In 1953 he received basic training at the 15th Crash Boat Rescue Flight at Canal Point, holding the rank of staff sergeant.

Miss Webster and Sergeant Klanjac plan a June 12 wedding.

\$1.32 Profit On Squash

PAHOKEE—R. J. Simonson reported this week that after considerable struggle he had realized \$1.32 on 12 bushels of squash which went to the New York market. There the squash brought \$27, but after deducting expenses, Simonson pocketed a dollar and 32 pennies.

Florida, that the sole parties interested in the enterprise are: R. J. Simonson, 300 West Palm Beach, Florida, and Gerald Schmidt as equal partners in a limited partnership. Dated at Pahokee, Palm Beach County, this 25th day of April, 1955.

BG WOMAN'S CLUB HAS 'FLOWER' INSTALLATION

Likening the new officers of Belle Glade Woman's Club to flowers, various types of which are needed to make a club membership "garden," Mrs. E. D. Pearce, president of the State Federation of Women's Clubs Wednesday installed the club's new officers and was guest speaker at a luncheon meeting at Glewington Inn.

Installing the officers as "flowers" to bloom this year in the club "garden," Mrs. Pearce named each officer for a flower and explained her reasons for the choice.

Introduced by Mrs. L. I. Price, general chairman of the installation program, Mrs. Pearce listed the needs of a club for all sorts of "flowers." She spoke of the need for "variegated flowers" — members having diversified capabilities and talents, then recognized last year's officers, and spoke of the need for "perennials" — the perpetuating

charter members and introduced Mrs. J. F. Brown, charter member and first president of the Belle Glade Club. She went on to mention the "annuals" — those who come in for just a year and then drop out; and the "hardy" ones — those who wear well; the "short-lived" ones, whose enthusiasm wanes quickly; the "evergreen" variety — those members who are constantly a source of inspiration; the "background" flower content to serve quietly, and the "show" type, who do not mind the spotlight. Finally, she mentioned the flowers that "multiply" — those whose interests, efforts and good deeds multiply, and those that "divide" whose interests lie in many directions.

She said that each of these is important in the plan of a club. A "love" gift was presented to Mrs. Pearce as well as to the retiring president, Mrs. J. M. Urwin, who stood in for Mrs. Thomas Bregger, newly-elected president.

Mrs. Price was assisted in arrangements by Mrs. R. L. Brad-

Lunch Price Cut

SOUTH BAY — Principal Pelton Morris has announced that the price of school lunches has been reduced from 30 cents to 25 cents for the remainder of the school year. This reduction has been made possible largely because of the excellent cooperation of several farmers who have been furnishing the school with fresh vegetables, he said.

Mrs. Wilson Elected

WEST PALM BEACH — Mrs. James Wilson, secretary of Pahokey PTA, has been elected vice president of the Palm Beach County Council of Parent-Teachers Association to represent the Glades area. She will be installed at the May 11 meeting to be held at Palm Beach high school auditorium at 10 a. m.

GLADES CLUB EVENTS

BC BETA SIGS HAVE FOUNDERS' BANQUET

Belle Glade Beta Sigma Phi sorority celebrated the 24th anniversary of its founding with a banquet at the Edgewood on Apr. 28. The annual message from the founder, Walter W. Ross was read by Mrs. E. F. McAllister. Mrs. Harold Zumph was in charge of arrangements. The program was opened by Mrs. Rosa Nash, president, leading the Beta Sigma Phi grace. Mrs. Grant E. Averill, who served as master of ceremonies, welcomed the new pledges into the sorority, and a brief outline of the activities of the sorority.

(ED. NOTE: This week Mrs. Robert J. Allen, Jr. became Belle Glade correspondent for OBSERVER, replacing Mrs. Russell E. Tucker, whose increased church secretarial duties will limit her to this position.)

for the past year were given by Mrs. J. E. Jones. A poem was presented by Mrs. E. K. Kirschner, Mrs. O. G. McWhorter repeated the Founder's Day pledge, and Mrs. Averill proposed a number of appropriate toasts.

The banquet table was decorated with 24 yellow roses, the sorority flower, in a black bowl. These were flanked by tall yellow and black candles. After the banquet a business session was held at which Mrs. R. T. Bell, chairman of the ways and means committee, announced plans for the annual Invitation Ball to be held on May 7.

FOUR ATTEND HD DAY

Mrs. Richard Murray, Mrs. Ralph Kidder, Mrs. Clara Gledhill, and Mrs. Della Altman attended the Palm Beach County Home Demonstration Experiment Day at the Agriculture Building on the Military Trail in West Palm Beach on Friday.

About 200 women from throughout the county were present. Mrs. Gledhill modeled a house dress in the fashion review, and Mrs. Kidder won a red ribbon for the applique which she entered in the contest for canned foods, according to Mrs. Murray.

The local Home Demonstration Club has a display this week in the window of Daddy Dick's Children's Shop on Avenue A. The articles displayed are some which the members were taught to make at regular meetings of the club, and are the club's means of celebrating National Home Week, which is the first week in May. The club meets at the Woman's Club on the third Thursday of each month at 2:30 p. m., according to Mrs. Murray, secretary.

Armed Forces Day — May 21

Armed Forces Day is an occasion for renewing our support of, and our confidence in the Nation's preparations for defense. This year finds our defense establishment better balanced, more mobile and flexible and generally more effective—at lowered cost. We are striving meantime to maintain a strong, vital economy as the Nation's second defense line. There is reason, then, for particularly zealous public participation in this year's Armed Forces Day observance. The Treasury is represented in the roster of the Armed Services by the United States Coast Guard, and is proud to have the Coast Guard take part in the Armed Forces Day programs. — George M. Humphrey, Secretary of the Treasury.

At a short business meeting the following officers were elected: Emil A. Wolf, president; N. T. Taylor, vice-president; and Sidney Smith, jr., secretary-treasurer.

Attendance Awards

Receiving awards Sunday at Pahokee First Methodist Church School for perfect attendance at Happy Heibers meetings were Willola Tyson, Dot Emma Lutz, Jan Plummer, Mary Lee and Elaine Adams, Wynn Cunningham, Jim Tyson, and Cal Spooner. Mrs. Dorsey Pugh, secretary of Children's Work of the WSCS, and head of the HH department, made the presentation.

CHRISTIAN HOME WEEK OBSERVED BY BAPTISTS

May 1-8 is designated by Southern Baptists as "Christian Home Week." Last Wednesday at prayer meeting, Belle Glade First Baptist Church observed this period with a special program conducted by several church members who gave their testimony as to what a Christian home means to them as a parent or child.

Jeannette Waddell represented the daughter's viewpoint, Richard Davis the son's, Mrs. Mills Byron the mother's and Dr. W. F. Forsee the father's. They enlarged on their family relationship, especially emphasizing Christian training and devotion.

The Sunday school association meeting will be held at First Baptist Church in West Palm Beach at 8 o'clock, May 9.

Sunday, which will be Mother's Day, the pastor, W. E. Malcom, will give a sermon on "The Ideal Mother." After morning worship, the church will observe its regular monthly correlation day. The Sunday school, Training Union, music department, and church conference will meet after lunch which will be served in the recreation wing.

The pastor's class, which consists of members who joined during the last revival meeting held Mar. 20-30, will not meet this Sunday evening, but will resume its regular Sunday evening session at 7 p.m. May 15 for the final meeting.

FIRST CHURCH OF CHRIST, SCIENTIST, Belle Glade

CHRISTIAN SCIENCE GROUP, Canal Point

Churches of Christ, Scientist
The fact that man's real nature in God's likeness is unfallen, upright, and free will be brought out at Christian Science services this Sunday.

Readings from the King James Version of the Bible and correlative passages from "Science and Health with Key to the Scriptures" by Mary Baker Eddy will comprise the Lesson-Sermon entitled "Adam and Fallen Man."

Among the passages to be read from Science and Health is the following: "The divine nature was best expressed in Christ Jesus, who threw upon mortals the truer reflection of God and lifted their lives higher than their poor thought-models would allow—thoughts which presented man as fallen, sick, sinning, and dying" (259:6-11 The).

The Golden Text is from I Corinthians 15:22: "As in Adam all die, even so in Christ shall all be made alive."

Father Petrie Broadcasts

At 9:30 A. M. Next Week

Rev. John Clarence Petrie, vicar of the Episcopal churches at Belle Glade and Clewiston, will give a 15 minute talk each day next week at 9:30 a.m. Monday through Friday, over Radio Station WSWN.

He will choose his topics from the most famous of Christian autobiographies. "The Confessions of St. Augustine," of which new editions and translations continue to appear, although the book was written at the close of the fourth century. It is now having wide reading through a paper back edition.

My Thanks - -

To all of you who voted for me in the primary May 3rd I shall try to justify your faith in me if I am elected in the runoff next Tuesday, May 10th, as your Councilman in Group 1.

MY PLEDGE

I shall support with utmost vigor all suggestions, proposals and (or) motions that come before the Council which are of benefit to the city and the community. I shall also, with equal vigor, oppose any and all motions that I think are not beneficial or are aimed toward selfish gains.

MY HOPE

That all registered voters of the City of Pahokee will support and vote for me in the runoff next Tuesday, May 10.

Thank You,

150 ATTEND CC GLADES DINNER

BELLE GLADE — The annual Glades-Grown Dinner of the Chamber of Commerce last Thursday was attended by about 150.

T. J. Sullivan, assistant to the president of the Florida Power and Light Company, was the guest speaker, and spoke on the growth of Florida.

According to Sullivan, Florida is the second largest of the 10 fastest growing states, and since 1880 has shown steady growth, increasing 40 per cent every 10 years. He said that the population had grown from 2.6 million in 1890 to 3.5 million in 1954, and that Miami was the fastest growing community of over 300,000 population in the United States, showing a rate of increase of 242 per cent. Jacksonville and Tampa rank fifth and sixth with the top 10 cities in rate of growth. He told the audience that the volume of business in Miami doubles every six years.

Master of ceremonies at the dinner meeting was Edwin A. Lively, Chamber vice president. He welcomed the guests and members, and introduced the officials, members of the board of directors and their wives and other guests. A program of dance interpretations was given by Bert Michaels, son of Mr. and Mrs. S. Michaels of Belle Glade, accompanied at the piano by Earl Skuce.

The dinner was prepared and served by members of St. Phil-

ips Altar Society with Mrs. Imogene Fontaine in charge. The menu consisted of sunshine cocktail, roast beef, new potatoes, string beans, corn, radishes, celery, tossed salad, bread pie and coffee. Belle Glade Garden Club was in charge of the decorations of hibiscus.

2nd Wed Accident

Lake Harbor. On Wednesday, near Chauncey Bay Bridge, Harold A. McLaughlin, Pahokee, ran off SR15 while going around a curve and upset in the ditch 156 feet from the point where his car went out of control. FHP Trooper Charles McWilliams' report shows that McLaughlin's 1954 Chevrolet coupe hit soft sand on the left shoulder of the road, swerved back across the highway to the right side and then re-crossed to the left side before going over on its top. McLaughlin was bruised and suffered contusions.

Colquitt S. Davis, Pahokee, suffered chest injuries when his 1955 Chevrolet sedan was a total loss after hitting a bridge abutment on SR15 at East Shore Canal bridge Saturday morning. Davis, according to the FHP report was traveling north, apparently at high speed, when he struck a concrete abutment

on the right shoulder of the road at the south end of the bridge. His vehicle pivoted around and tipped over on its left side. The engine was torn loose from the chassis and buried 69 feet from the vehicle. FHP Trooper Joseph Bertrand was reporting officer.

1st WOMAN —

fishermen already here, she said.

Stricken with tuberculosis in 1918, Mrs. Armstrong returned to Colorado for her health, and for the ensuing 10 years the Armstrongs lived in Las Animas, Colo., where Dr. Armstrong continued his practice of

dentistry. They returned at intervals for a few months in Pahokee, but did not come back permanently until 1928.

Then they were in time for the disastrous storm of that year. The Armstrongs went to West Palm Beach ahead of the storm, but their rented house almost blew away and was stopped only by getting wedged between two palm trees, Mrs. Armstrong said.

Another First

With becoming Pahokee's first woman Council member, Mrs. Armstrong added to several firsts which she holds — first Pahokee PTA president, first president of Everglades Memorial Hospital auxiliary, first president of Hibiscus Circle of the

Pahokee-Canal Point Garden Club. She is sponsor of the local Beta Sigma Phi chapter, a steward and member of the senior choir of First Methodist Church, and has served on local election boards for some 25 years.

Dr. and Mrs. Armstrong, who have been married for 41 years, have two children, Mrs. Jack Phillips, of Pahokee, and Alvin H. Armstrong of Miami.

The new councilwoman said that she ran for office only after receiving outgoing Group 2 Councilman F. S. Parrish' full assurance that he was not going to run again. Mrs. Armstrong said she had one big aim in mind — "to work for the betterment of our city."

What's the best place to save for Cowboys, Indians and Space Cadets?

Of all the reasons for saving money—and there are hundreds—certainly none is bigger or more important than building up a nest-egg to take care of your children's future.

And where's the best place to build up your nest-egg?

Right now, 14 million Americans think the best place is an insured Savings and Loan Association!

In fact, Americans are now putting more of their savings account dollars into these Associations than anywhere else. The reasons are simple:

ONE—You get excellent returns. That's because insured Savings and Loan Associations invest most of their funds in sound, steady-paying home mortgages.

TWO—You have complete safety. Your savings are protected by good management and substantial re-

serves. They are insured up to \$10,000 by the Federal Savings and Loan Insurance Corporation—an agency of the U. S. Government.

THREE—These Associations are local organizations. They offer friendly, helpful and convenient service.

And here's another point: When you're thinking of buying a home, remember that insured Savings and Loan Associations are the nation's largest single source of home mortgage loans. They make liberal loans. They see to it that you get the money quickly—and at moderate rates.

Why not come in and open savings accounts for yourself and for your children today. And if you need a home mortgage loan, let's talk about that, too!
